RE: Notice of Non-compliant Amendment dated 3/24/03 (received 9/15/03)

Application: 09/ 578, 664 William Reeves inventor

Filed: 5/25/2000

Dear Mr. Gilligan, 9/22/03

I certify that I have put a copy of this document in the US mail with sufficient postage and mailed it on this date.

Thank you for your aid in modifying my claims numbering so as to make them allowable.

Per our numerous telephone discussions I am submitting the following amendment to the claims with the renumbering per our discussions. Per our discussion this AM I have broken out some of the claims as new dependent claims without adding or removing any subject matter.

Thank you for your aid on this matter. I look forward to receiving my Notice of Allowance on this patent!!

Please call me if you need any more information or clarifications.

Sincerely,

William Reeves, inventor
